What Makes NCAA DI Volleyball Unique?

At the DI level, volleyball is a co-curricular activity, not extra-curricular. You can expect to spend as much time on your sport as you do on your academics. But, DI also invests the most campus resources to help SA's manage the commitment and workload.

SUMMER
TRAINING

DI is for elite athletes who want to see how good they can get. It's full-time, year-round pursuit of excellence. It's really hard and really rewarding!

What Makes NCAA DI Volleyball Unique?

The biggest factor in DI is the really small number of players that can compete at this level. They have to be tall, mobile, and good jumpers, but they also have to have lots of training before college. The combination eliminates most of the field .

What Makes NCAA DI Volleyball Unique?

We have our own gym, locker room and court, we eat at a training table and study in a special academic center, we fly by charter and cater our meals. We have a full-time staff of six and access to countless others.

Sure, we expect a lot because we give a lot and only a few get invited to join us each year.
