

2019-20 Serve United Program (Parent Participation Program)

Coupled with the Badger Region mission to enhance everyone’s experience at volleyball events, we are excited to announce that we have received a grant from USA Volleyball to grow and improve the number and caliber of officials in the state of Wisconsin. To get the ball rolling with the grant money, the Region is putting forth a large amount toward reimbursing parents or others affiliated with a junior club who go through the Region’s Serve United Program.

For parents who wish to be considered for reimbursement of their fees, the following must be completed and signed off by Brian Sharkey (Badger Region Program Director) or a designated Region representative. Please alert him by emailing brian@badgervolleyball.org prior to starting the training. This opportunity is limited to a maximum of 10 individuals per club and only 50 people in the Region.
