SPORT OF VOLLEYBALL

## Sister Clubs

*Giving all girls a chance to soar... together*

Please join Starlings and fellow clubs across the country in helping struggling, disadvantaged girls in low income, at-risk communities. With your support these young girls can have access to quality volleyball training, as well as much needed programs supporting academics, healthy lifestyle choices and positive character development.

Your participation as a Sister Club will provide your athletes the opportunity to interact in a meaningful Diversity and Inclusion program, as well as learn the importance of giving back to those less fortunate through the sport they love.
