Badger Region adjusts policies on 'retention'

The Badger Region Board of Directors met Monday, May 10, and modified the Retention Period that is currently being used.

The following language has been added to the current policy: If a club holds tryouts for non-residents, then that club's retention period could be the 7 days preceding the approved tryout date.

Only one retention period is allowed per club.

It is important to note the addition to the current Retention Policy is only if a club plans to offer an early tryout for out-of-region athletes. All other clubs must still abide by the Aug. 1-10 Retention Period.

[Click here for the Out-Of-Region Tryout Policy](#)

The fully updated Retention Offer policy states: Badger Region will allow an optional "Retention Period" Aug. 1-Aug. 10 for clubs to be able to offer a spot in their club for the previous season's players for the coming season. After 7 p.m. CT on Aug. 10, this window closes until the applicable tryout period. However, if a club holds tryouts for non-residents, then that club's retention period could be the 7 days preceding the approved tryout date. Only one retention period is allowed per club.

Rationale: Regions throughout the country are moving their tryouts into summer. Allowing clubs to move their retention period up to get ahead of these border regions' tryout dates will allow Badger Region-based clubs the opportunity to retain their athletes from Wisconsin as well as have tryouts for out-of-state players in an effort to have a better understanding of the club/team makeup at the same time as the neighboring Region.

Will this give a club an unfair advantage by allowing them to open Retention

early? No. Since clubs only have access to athletes in their program who played for them last year, this is not going to be a concern.

It is not like an athlete from "Club Spikers" can get a Retention Offer from "Club Bumpers" any time of year (July or August). Under the new policy, a club may either use the "early retention period" or the standard Aug. 1-10 retention period. Not both.

The Board of Directors concluded that allowing this modification will help Wisconsin athletes have a better understanding of their options if they are considering trying out for a club that is outside of Wisconsin's borders.

If I were an athlete who was considering playing for an out-of-Region club that has tryouts July 18 (the new date set by the Great Lakes Region for the start of girls tryouts), I would like to know before July 18 if I was getting a retention offer from my club that I played with during the 2020-21 season. If I had to wait until Aug. 1, a potential spot at the out-of-Region club might have been snagged by another athlete, OR I may take an out-of-state offer to guarantee I had a place to play, not knowing if I was going to get a retention offer.

Please follow up with your board member representative regarding future tryout policy changes.

Region to compete in USA-All Star Championships

ORLANDO, FLA. — The Regions of USA Volleyball are proud to announce the creation of the USA All-Star Championships, an elite volleyball event for regional all-star teams, that will be held July 21-25 in Orlando, Fla. This event will replace the High Performance Championships, originally scheduled for Phoenix, Arizona.

Produced by the regions and hosted by the Florida Region of USA Volleyball at the Orange County Convention Center, the inaugural event will feature all-star teams from many of the 40 Regions of USA Volleyball in six women's/girl's divisions and three boy's divisions.

The Orange County Convention Center's Executive Director Mark Tester commented, "The OCCC is thrilled to welcome and support this USA Volleyball sanctioned all-star event along with its athletes, coaches and fans to our safe and healthy venue in Orlando. Volleyball continues to be a significant driver in Central Florida's economic recovery and we are pleased that Orlando was selected as the host city for the upcoming USA All-Star Championships in July!"

Since the unfortunate cancellation of the High Performance Championships on May 6, the Regions have worked to secure

convention center space and court rentals and have committees in place to finalize details on international and high-level officials and training opportunities, collegiate coaches and recruiting opportunities, vendors (AES, BallerTV, University Athlete, NeuroFuel, GymRats & Team Travel Source) and many

other partners, to ensure this event exceeds all expectations.

"This is an important annual event and the speed at which it was formed is a testament to the collective talent and creativity of the 40 regions of USA Volleyball," commented Steve Bishop, President of the Florida Region and this year's event host. "This group possesses amazing skills as independent organizations, and when those resources and talents are combined, there isn't much they cannot accomplish. On behalf of our Florida Region members, we're honored to host this inaugural event and we look forward to welcoming the regional all-star delegations and their fans along with top officials and college recruiters to Orlando later this summer for an event to remember."

The ability to pivot and make the best of a challenging situation is being demonstrated by the collaborative efforts of many Regions in-front-of and behind the scenes, using decades of experience in running high-quality events for their members. More details will be forthcoming, and information on the event can be found on the USAV Regions website: <https://www.usavregions.org/2021-usa-all-star-champs.html>.

Get your jersey questions answered

The Badger Region Volleyball Association wants to make sure your team's jerseys are compliant with all rule sets and changes that have gone into effect starting in the 2020-21 season regarding uniforms.

To do so, the Region's Ref Chair is encouraging club directors or coaches to upload images to this link (below) if there is any concern that numbers are not contrasting enough with the dominant color of the jersey or if a jersey is not contrasting for libero purposes.

UPLOAD HERE: <http://badger-volleyball.org/jerseys/>

Reminder: All numbers must clearly contrast with the color of the jersey, regardless of the color of the outline of the number.

How is the Badger Region Board structured?

The Badger Region Volleyball Association is governed by a Board of Directors that must be elected by members on a regular basis. Area reps serve three-year terms, while members of the executive board serve four-year terms.

Members, whether they are players, coaches, parents, directors, athletic trainers or officials, are encouraged to communicate with their respective representative if they

think policies or financial decision in the Region need to be changed.

Some policies enforced by Badger Region come from USA Volleyball, our sport's national governing body, so those can't be changed. But many others can.

The Board is advised by a 11 chairpersons (or experts) in various parts of the game, and five staff members (some of which have multiple responsibilities).

The state is divided into five parts geographically for representation. Plus, there are two at-large board members who you can approach if you don't feel comfortable with your current rep. And there is a rep dedicated just to issues that surround our Junior volleyball clubs and athletes.

You'll be hearing from each Board member twice a year in the form of a column in the Badger Beacon. Now, let's meet them:
