HP teams shine at All-Star event

All teams finish in gold brackets

The Badger Region High Performance teams all earned victories that landed them in the top (gold) brackets of their respective divisions at the inaugural USA All-Star Championships that wrapped up July 25 in Orlando, Fla.

In the end, two teams earned bronze medals (Girls National Select and Boys National Select) at the tournament and two teams (Girls International Youth and Boys National Youth) finished in fifth place after falling in the International Youth Bracket Quarterfinals

Also representing the Badger Region at the tournament were Lead Official Julie Voeck and Referee Francisco Torres-Rivera.

Badger Region Program Director Brian Sharkey, who also served as a Team Rep/Assistant Coach for the boys teams, was a member of the 2021 planning committee. Badger Region Executive Director/Commissioner Jennifer Armson-Dyer served as one of the on-site tournament directors.

Planning has already begun for the 2022 USA All-Star Championships, which the Badger Region looks forward to contributing to.

GIRLS INTERNATIONAL YOUTH

The Badger Region Girls International Youth team came home with a fifth-place finish at the 2021 USA All-Star Championships

This year's team was made up of athletes born in 2004 and 2005.

This year's event featured two new regions which helped showcase growth of High Performance programs around the country: Southern and North Country Regions

Badger Region Board adjusts policies on ‘retention’

The Badger Region Board of Directors met Monday, May 10, and modified the Retention Period that is currently being used.

The following language has been added to the current policy: If a club holds tryouts for non-residents, then that club’s retention period could be the 7 days preceding the approved tryout date.

Only one retention period is allowed per club.

It is important to note the addition to the current Retention Policy is only if a club plans to offer an early tryout for out-of-region athletes. All other clubs must still abide by the Aug. 1-10 Retention Period.

[Click here for the Out-Of-Region Tryout Policy](#)

The fully updated Retention Offer policy states: Badger Region will allow an optional “Retention Period” Aug. 1-Aug. 10 for clubs to be able to offer a spot in their club for the previous season’s players for the coming

season. After 7 p.m. CT on Aug. 10, this window closes until the applicable tryout period. However, if a club holds tryouts for non-residents, then that club’s retention period could be the 7 days preceding the approved tryout date. Only one retention period is allowed per club.

Rationale: Regions throughout the country are moving their tryouts into summer. Allowing clubs to move their retention period up to get ahead of these border regions’ tryout dates will allow Badger Region-based clubs

the opportunity to retain their athletes from Wisconsin as well as have tryouts for out-of-state players in an effort to have a better understanding of the club/team makeup at the same time as the neighboring Region.

Will this give a club an unfair advantage by allowing them to open Retention early? No. Since clubs only have access to athletes in their program who played for them last year, this is not going to be a concern.

It is not like an athlete from “Club Spikers” can get a Retention Offer from “Club Bumpers” any time of year (July or August). Under the new policy, a club may either use the “early retention period” or the standard Aug. 1-10 retention period. Not both.

The Board of Directors concluded that allowing this modification will help Wisconsin athletes have a better understanding of their options if they are considering trying out for a

club that is outside of Wisconsin’s borders.

If I were an athlete who was considering playing for an out-of-Region club that has tryouts July 18 (the new date set by the Great Lakes Region for the start of girls tryouts), I would like to know before July 18 if I was getting a retention offer from my club that I played with during the 2020-21 season. If I had to wait until Aug. 1, a potential spot at the out-of-Region club might have been snagged by another athlete, OR I may take an out-of-state offer to guarantee I had a place to play, not knowing if I was going to get a retention offer.

Please follow up with your board member representative regarding future tryout policy changes.

To contact your board member, view the list here: <https://badgervolleyball.org/board-of-directors/>. You may also reach out to any At-Large Board Member about this topic as well.

How is the Badger Region Board structured?

The Badger Region Volleyball Association is governed by a Board of Directors that must be elected by members on a regular basis. Area reps serve three-year terms, while members of the executive board serve four-year terms.

Members, whether they are players, coaches, parents, directors, athletic trainers or officials, are encouraged to communicate with their respective representative if they

think policies or financial decision in the Region need to be changed.

Some policies enforced by Badger Region come from USA Volleyball, our sport's national governing body, so those can't be changed. But many others can.

The Board is advised by a 11 chairpersons (or experts) in various parts of the game, and five staff members (some of which have multiple responsibilities).

The state is divided into five parts geographically for representation. Plus, there are two at-large board members who you can approach if you don't feel comfortable with your current rep. And there is a rep dedicated just to issues that surround our Junior volleyball clubs and athletes.

You'll be hearing from each Board member twice a year in the form of a column in the Badger Beacon. Now, let's meet them:

BE EPIC

2021 PREMIER BEACH TEAM

We had an awesome group of both boys and girls in 2019, so we are bringing it back again in 2021. This program requires that you have a partner as training will be more focused on specific and individual team strategies in order to be successful in the game of beach doubles.

- High level training for the more serious beach player.

- Designed for the national level indoor player or players with previous beach experience.
- Beach uniform included:
 - Girls (Tank and Sports Bra)
