

A1-Alliance Volleyball Academy Summer Sand 9 Week Instructional Program Information. 4 Sand Courts Available.

Start Date & Fee: June 13 to August 11, 2022. Two days a week. Either Mon./Wed. or Tues./Thur. 4 hours per week. 36 plus hours over the summer. Fee: \$300 per participant. A great value and excellent coaching! Other programs may cost much more with less time! Email us about group or other team discounts. We have players that drive/car pool up to 45 minutes one way.

Where: Konkel Park in Greenfield (South Milw./Franklin/Greenfield areas). Req. form on other side.

Ages: 8 years up to 17 years old. For both girls and boys. Beginners to elite. Note: These sessions are open to any club or non-club volleyball players from any school or club. Bring a friend or two to car pool!

Coaching staff: Highly skilled coaches from different volleyball clubs that have a great knowledge and understanding of the game as well and able to improve the overall volleyball skills of every player. Our coaching staff is friendly, outgoing and very energetic. Our summer sand players have fun while also being challenged at times. Our coaches do those little extra things that our players really love!

What every participant will receive included in the fee: Brand new outdoor volleyball, t-shirt and two to three volleyball evaluations. Our summer season Pizza party (small fee) and a FREE door prize gift to every player that attends. Note: A player may make-up their missed time at any other session or time with-out any problem. This make-up session(s) could be prior to the day(s) you might miss. Just show up to any other session time we are running.

What these volleyball sessions will teach and emphasize:

- Strong fundamentals & proper volleyball techniques.
- Basic fundamentals of volleyball as well as new techniques.
- Offensive & defensive transitional drills along with proper footwork.
- Blocking techniques.
- Hitting techniques & strategies. Seeing the whole court.
- Work on improving ball handling skills with hands & forward passing.
- Discuss & apply plyometrics.
- Two to three volleyball evaluations to be used as a guide for continuous improvement.
- Work on speed & agility along with overall conditioning drills.
- Note: Playing in sand improves a players' overall endurance, increases speed, agility, ball control, balance and coordination especially when returning to play indoor hard court volleyball again. Many pro volleyball players recommend sand volleyball especially 3 time GOLD Olympic players: Karch Kiarly, Kerri Walsh-Jennings, Misty May-Treanor as well as many coaches.
- About 8-10 to 1 players to coach ratio per court. No players waiting or standing around to use the court. Other courts are available for players to practice on when needed. 4 courts available.
- This 9 week program offers much more touches on the ball for the price far less than a one week volleyball camp or a 5 to 7 week volleyball camp at much lower the costs or dollar per hour.
